### **Best Practice -1**

#### **1. Title of the practice – Best library Utilization awards**

#### **2. Objectives of the practice**

- To encourage to the students and staff to utilize the complete facilities of the library.
- To create interest and motivate the students to use library resources.
- To introduce the students with new books and awareness on recent updates in journals and magazines.

#### **3. The Context**

- Most of the students are now habituated to short cut knowledge that was already available in internet resources, but they are not able to have a clear knowledge on basics and structural mechanism of the concepts.
- So, to incorporate the significance of textbooks, the institution planned to drive the students and faculty towards the utilization of the library resources.

#### **4. The Practice**

- The students in their leisure time can spend in library.
- The students have separate library hours in their academic schedule.
- The library hours are from 8:30AM to 5:00PM in all working days for the accommodation of students of all programmes in different timings.
- As the seating capacity was enhanced to 100, the best practice can be achieved in a right manner also.

### **Best Practice -2**

#### **1. Title of the practice – Financial aid to the deserving students**

#### **2. Objectives of the practice**

- To extend financial aid to the poor students, especially from the rural, to save them from discontinuation of their studies owing to poverty.
- To support financially all the deserving poor students without any discrimination of caste, creed or gender and to promote equality among students.

The expected outcome is that the students should be able to complete their degrees with good marks. The beneficiaries should treat the needy with the principle of lend a helping hand without discrimination.

#### **3. The Context**

- Most of the students have hidden talents and innovative mind but not able to execute due to lack of resources and financial support.
- On the same context, the institute stood in front to support the students by providing them with financial aid.

#### **4. The Practice**

- The institution is established in rural area to provide quality pharmacy education to the students residing in rural areas and who want to pursue their graduation and post graduation studies in pharmaceutical sciences.
- Most of the parents are not ready to admit their children in higher studies due to lack sustenance in providing financial support. So it is evident that without financial support from external source, the youth residing in rural areas cannot hope to successfully complete their higher studies.
- On this regard, the institution verifies the information of the student's financial backwardness and decides the sum to be provided as financial aid.

### **5. Evidence of Success**

DIOP is succeeded in the context of providing financial assistance as the students from rural areas are pursuing their education in the institute in an increasing manner.

The following are the details of Fee concession provided by the institute:

### **6. Problems Encountered and Resources Required**

- As the institution is Self-financed and private, the resources are to be acquired from the student's tuition fee. Verifying of the student's financial backwardness based on many aspects is other task to provide financial aid

### **Best Practice -3**

- 1. Title of the practice:** Community service for promotion of good health
- 2. Objectives of the practice:** To organize the medical camp program for the people in the community of new boyanapalli and recreation for the school students.
- 3. The Context:** The Student team of DIOP organized medical camp for all ages of people and gender to check up their health for the well being on blood group, haemoglobin, diabetes, blood pressure, body mass index tests.
- 4. The practice:** The DIOP Team organized the program in S.J.S.M. Zilla Parishat High School, New Boyanapalli, Rajampet. The Team performed Blood Group, Haemoglobin, Diabetes, Blood Pressure, Body Mass Index tests for around community people and students in the school.
  - The anaemic patients were given suggestions how to overcome the disease by natural remedies and food habits to be practiced by them in their regular day to day life.
  - The diabetes tests were done and gave the report for all the participated people.
  - The community people were given instructions for maintenance of good health and hygiene to prevent and overcome the infections and diseases.
